# Escape to the beauty of Etéreo

## RESORT

Etéreo – Spanish for “ethereal” - carries a sense of spiritual renewal and a celestial connection to the ancient Mayan culture. Nestled in the lush paradise of Kanai in Riviera Maya, Etéreo finds refuge on a timeless and pristine oceanfront site that is remarkable for its lush and expansive mangroves and white-sand beach. The resort is a collection of patinated coral stone structures designed with modern Mayan references.

## LOCATION

Situated on the eastern coast of Mexico's Yucatan Peninsula, and surrounded by the natural beauty of the Mayan Riviera's lush lagoons and pristine greenery, Etéreo is located in the Kanai development just 24 miles from Cancun International Airport and 6 miles from Playa del Carmen.

## DINING

Etéreo features three distinct dining venues, each inspired by the flavors of Mexico and taking on Mayan influences. Additional experiential dining options keep the dining options fresh and innovative.

- **Itzam:** Our main dining venue, offering elevated & modern Mexican cuisine with a focus on local products that are sustainable & locally sourced.
- **Che Che:** a relaxed, open-air restaurant celebrating the marriage of Japanese & Mexican techniques and flavors using local ingredients.
- **El Changarro:** a daytime beachside restaurant offering fresh grilled or chilled seafood in the sand.
- **Chu Chu:** morning coffee and pastries, afternoon snack, and sunset cocktails.
- **Alberca:** light & fresh poolside chaise dining.

## WELLNESS

SANA, an Auberge Spa, is a wellness sanctuary set above jungle-like mangroves, with seven private terrace treatment rooms. The spa features salt rooms, sound showers, an herbal steam room, a Mayan clay room, and a cenote-inspired pool. Spa treatments take their inspiration from local healing traditions and Mayan techniques. Guests can enjoy an array of rejuvenating rituals and energizing movement classes as well.

## ACCOMMODATIONS

Each of the 75 guesthouses at Etéreo have expansive ocean or forest views and floor-to-ceiling windows opening to large terraces, exemplifying extraordinary indoor-outdoor living.
