LODGE HALL

Lodge Hall is adjacent to The Lodge and Plaza, with SkyFire Restaurant & Bar, Two Dogs Café, Nathalie's boutique and The Gallery. The spacious 3,120-square foot hall easily divides into three spaces, opening to a large 1,560-square foot pre-function foyer and The Lawn, an expansive 4,500-square foot event area.

INDIVIDUAL GUEST ROOMS

Individual Guest Rooms are finely furnished in a contemporary Santa Fe style, influenced by the American southwest. Each room features its own fireplace, terrace or balcony, and generous bathrooms.

THE KIVAS

The Kivas, located hillside above the lodge, offer the most dramatic indoor/outdoor living spaces. Each suite features two indoor fireplaces, a private patio with firepit and plunge pool to accompany unmatched views of the resort and surrounding valley.

THE BUNKHOUSE

The Bunkhouse offers an unforgettable experience for groups of friends, business travelers, or family reunions. Our authentic two-story Bunkhouse is home to 12 private bedrooms, looking on to a great room with a massive fireplace, ideal for group gathering. Outside, the covered porch looks out on our gently flowing Trout Stream.
