

## MAUNA LANI

**WE ARE EXCITED TO WELCOME YOU BACK TO MAUNA LANI,  
AUBERGE RESORTS COLLECTION. E KIPA MAI, COME VISIT US SOON!**

When traveling to Hawaii, there are very important pre-travel steps you need to take to ensure a smooth trip. Please see below for these important steps and further details below on options for testing.

Please contact  
**MNL.RESERVATIONS@AUBERGERESORTS.COM**  
if you have any questions.

**REGISTERING:** Log onto Safe Travels Hawaii and fill out a short questionnaire about your travel plans.

**PRE-TRAVEL TESTING:** Take a COVID-19 test no more than 72 hours before your last leg of your flight into Hawaii Island. This test can be from Vault Health, one of Hawaii's trusted partners, or your own doctor. You must receive a negative result before boarding your flight to Hawaii in order to avoid the 14-day quarantine.

**FILLING OUT QUESTIONNAIRE:** 24 hours before boarding, log into your Safe Travels account and fill out the Travel Health Questionnaire. You'll create a "trip" for each leg of your journey. You will receive a QR code for each leg of your trip.

**ARRIVAL:** When you arrive to Kona Airport, be prepared to show proof of your negative test through your QR code. You will receive a second, rapid test, paid for by the state of Hawaii.

### **PRE-TRAVEL TESTING:**

There are three ways to do this. The first is a test administered by your primary care doctor and have them administer the NAAT certified test. Hawaii allows any doctor to perform the test but please ensure the correct lab processes and certifies the result. A second option is to take a test from the luxury of your home with a Vault Test. You may also contact one of Hawaii's trusted partners and make an appointment for them to administer and process the test.

**USING YOUR OWN DOCTOR:** *Many of our guests have found it easiest to make an appointment with their own doctor.*

- STEP ONE: Make an appointment to see your doctor and let them know you need a pre-travel COVID-19 test to travel to Hawaii
- STEP TWO: Make sure they use a Trusted Provider lab to process your results
- STEP THREE: Note the quick turnaround time as the test must be taken within 72 hours of the last leg of your trip.

**USING VAULT HEALTH:** *Mauna Lani's partnership with Vault has made it easy for guests to take the rest from the luxury of their home.*

- STEP ONE: Sign up on their website at least 10 days before your departure
- STEP TWO: Send in a photo of yourself and a photo of your driver's license
- STEP THREE: You will receive via UPS a small kit. Do not open until you are ready to take the test, within 72 hours of your last leg of your trip.
- STEP FOUR: Take the test during a ZOOM call with a Vault technician. You do not need an appointment, but you may need to wait 5-10 minutes.
- STEP FIVE: When you are ready to send in your test, write "STAT HAWAII" on the return and go to your nearest UPS drop-off. If possible, choose the UPS station with the most prompt pick-up.
- STEP SIX: Wait for confirmation within 24 hours of Vault's receipt of your test and then another confirmation after the lab processes your result.
